Title of Work (the "Work"): Approximation**Publication Name:** ACM Transactions on Architecture and Code Optimization**Author/Presenter(s):** Adam Wade Lewis**Auxiliary Materials** (provide filenames and a description of auxiliary content, if any, for display in the ACM Digital Library. The description may be provided as a ReadMe file):**I. COPYRIGHT TRANSFER (THIS SECTION MUST BE SIGNED AND DATED; CHECK "A" OR "B" AS APPROPRIATE)**

Copyright to the Work and to any supplemental files integral to the Work which are submitted with it for review and publication such as an extended proof, a PowerPoint outline, or appendices that may exceed a printed page limit, (including without limitation, the right to publish the Work in whole or in part in any and all forms of media, now or hereafter known) is hereby transferred to the ACM (for Government work, to the extent transferable -see Part I. B. below) effective as of the date of this agreement, on the understanding that the Work has been accepted for publication by ACM.

Employer / Author(s) Retained Rights. Each of the Employer/Author(s) retains the following rights:

1. All other proprietary rights to the work such as patent;
2. The right to reuse any portion of the Work, without fee, in future works of the Author's (or Author's Employer's) own, including books, lectures and presentations in all media, provided that the ACM citation, notice of the Copyright and the ACM DOI are included (See Section 4 below). Requests made on behalf of others, however (i.e. contributions to the work of other authors or other editors), usually require payment of a fee;
3. The right to revise the work. (See Policy [§2.4 Definitive Versions and Revisions](#));
4. The right to post author-prepared versions of the Work covered by the ACM copyright in a personal collection on their own home page, on a publicly accessible server of their employer and in a repository legally mandated by the agency funding the research on which the Work is based. Such posting is limited to noncommercial access and personal use by others, and must include the following notice both embedded within the full text file and in the accompanying citation display as well:

"© ACM, (YEAR). This is the author's version of the work. It is posted here by permission of ACM for your personal use. Not for redistribution. The definitive version was published in PUBLICATION, {VOL#, ISS#, (DATE)} <http://doi.acm.org/10.1145/nnnnnn.nnnnnn>".

(You may find the nnnnnn.nnnnnn number for your article DOIs on its citation page in the ACM Digital Library.)

5. The right of an employer who originally owned the copyright to distribute definitive copies of its author-employees' Work within its organization. Posting these works for access outside of the employer's organization requires explicit permission from ACM.

Authors should understand that consistent with ACM's policy of encouraging dissemination of information, each work published by ACM appears with the ACM copyright and the following notice:

"Permission to make digital or hard copies of part or all of this work for personal or classroom use is granted without fee provided that copies are not made or distributed for profit or commercial advantage and that copies bear this notice and the full citation on the first page. Copyrights for components of this work owned by others than ACM must be honored. Abstracting with credit is permitted. To copy otherwise, to republish, to post on servers or to redistribute to lists, requires prior specific permission and/or a fee."

☒ **A. Assent to Assignment** - I hereby represent and warrant that I am the sole owner (or authorized agent of the copyright owner(s)), with the exception of third party material detailed in Section III below. I have obtained permission for any third-party material included in the Work.

I hereby grant ACM permission to serve files named above containing my Auxiliary Material from the ACM Digital Library. III. THIRD-PARTY MATERIAL

Copyright. This copyright transfer applies only to the Work as a whole, not to any embedded objects owned by third parties. An author who embeds an object, such as an art image that is copyrighted by a third party, must obtain that party’s permission to include the object, with the understanding that the entire Work may be distributed as a unit in any medium. The requirement to obtain third-party permission does not apply if the author embeds only a link to the copyright holder’s definitive version of the object. (See [Policy §3.7 Links](#) and INSTRUCTIONS at <http://www.acm.org/publications/third-party-material>.)

Permission. In the event that any materials used in my paper or Auxiliary Materials contain the work of third-party individuals or organizations (including copyrighted music or movie excerpts or anything not owned by me), I understand that it is my responsibility to secure any necessary permissions and/or licenses.¹

Third-party permission must be clearly stated near the object(s) or in the text narrative in the Work and my presentation of it and in Auxiliary Materials as applicable. Identify below any third-party material included in the Work, presentation and/or the Auxiliary Materials. Please specify the type of material being used, i.e., figure, table, photo, music, video or code. **When the permission is obtained, attach it to this form. The Work will not be published without proof of the necessary permissions or substantiation of a claim of fair use.** (Use a separate sheet if additional space is required.)

If you have such exceptional images, you must grant permission to ACM to use them in the context of the article in current and future formats. You must identify them here and also in the paper by including the owner's copyright notice within the image itself and/or in its figure caption.

V. LIABILITY WAIVERS & INDEMNIFICATIONS

Because I retain certain rights in my work under the ACM Copyright Transfer Agreement and under the ACM Permissions Release Form, such as patent and moral rights, I therefore hereby agree not to assert any of my rights against ACM in connection with ACM's use of my work as agreed to herein, and I further acknowledge that ACM is under no obligation to exercise all of the rights I have granted.

I hereby agree to indemnify ACM and its agents and assigns against any and all losses incurred in connection with any claim or proceedings asserting that I have violated a prior agreement in presenting my work at an ACM event and/or in granting ACM rights to publish my work.

I hereby agree to indemnify ACM and its agents and assigns against any and all losses incurred in connection with any claim or proceeding asserting plagiarism and/or copyright infringement if the investigation carried out by ACM according to its Plagiarism Policy (see: http://www.acm.org/publications/policies/plagiarism_policy) determines that my work is the plagiarizing or infringing work. [Note, in accordance with its policies, ACM generally defends its authors against charges of plagiarism and will reasonably investigate others on behalf of the author who plagiarize a work copyrighted and published by ACM.]

All permissions and releases granted by me herein shall be effective in perpetuity and shall extend and apply to ACM and its agents and assigns.

I agree to the terms of this Section V.
